Contract Let for School Building.

The trustees of the District Graded High School, of Little Rock, met recently and let the contract for the new High School, to be located at that place. The building is to be a frame structure, and will be 24x90 feet. The contract for the foundation was awarded to Alonzo McKenzie, while the lumber and carpenter work was let to the Stivers Lumber Co., for \$2,200. The following trustees were present: Elmer Boardman, L. A. Soper, Roger Burris, J. F. Young and Ed Burris.

Carcasses in Stoner.

Much complaint has been heard in the past few days of the conditions existing in Stoner creek. We have it upon good authority that a few days ago between the L. & N. bridge and the ford there were in the stream the carcasses of six sheep. It seems there should be some means to prevent the pollution of the waters of this beautiful stream and the officials, whose attention is thus called to it, should make an effort to detect the persons who are engaged in this practice. No doubt the prevalence of typhoid in this community can be traced to this, as the filtering of the water will not remove typhoid germ.

Circuit Court.

Friday in the case of the Commonwealth vs. W. H. Lucas, charged with the murder of William Jagaser, the jury returned a verdict of not guilty and the accused was acquitted. Lucas has a wife and six children. The wife and one child attended the trial and were made happy by the verdict.

In the case of the Commonwealth vs. James Wilson, for malicious cutting, the prisoner was found guilty and fined \$75.

Fisher Williams, indicted for grand larceny, was found guilty.

Cas Johnson, charged with arson, was acquitted.

Judge W. P. Sandidge, of Russellville, who acted as special judge during the March term of court, was here Friday to pass upon some questions left over from that term.

In Circuit Court Saturday in the case of the Commonwealth vs. "Bud" Macom, a negro of Claysville, Macom was tried on two charges, found guilty and fined to the limit of the law in each case. First, for selling liquor on Sunday the fine imposed was \$50; second, for selling liquor without a license, \$100.

Court adjourned soon after dinner until Monday morning, and the Commonwealth cases were continued. Special Judge L. P. Fryer, of Butler, went to his home Saturday and spent Sunday with his family.

Yesterday in the case of Ben Parker, colored, charged with assault and battery, the jury returned a verdict of guilty and Parker was sentenced to thirty days in the county jail.

Dan Boatwright, charged with shooting and wounding Jack Williams, was acquitted.

Today the trial of Bus Cantrill, on a charge of murder, will be called.

County Committee Meets.

The Bourbon County Democratic Committee met Saturday afternoon at the court house and selected officers to serve at the Democratic primary July 1. Hon. S. G. Clay being the only candidate for Representative from Bourbon and the time limit having expired was declared the party nominee.

Too Much Fast Driving.

The practice of the fast driving of automobiles through the city of Paris in excess of the speed limit regulated by an ordinance passed at a recent meeting of the city council is becoming more and more dangerous every day. The utter disregard for the speed limit is menacing the safety of pedestrians.

Considerable complaint has been made to the city officials in regard to the rigid enforcement of the city ordinance and its provisions, the police have been instructed to place under arrest the driver of any automobile that is going beyond the regulation limit of eight miles an hour and five miles when turning corners.

While to this date no fatalities have resulted from fast driving, still the precaution should be taken. Mayor Hinton has had placed on all pikes leading to the city at the city limits sign boards as a warning to autoists, it is to be hoped the officers will exercise a little vigilance and take into court a few of the speeders and make an example out of them.

It might also be wise to suggest a relief for the congestion which frequently occurs on Main street especially on Saturday and court day. On numerous occasions the street is blocked from Fourth to Sixth street, by vehicles stopping in the middle of the thoroughfare. This is more from a force of habit than anything else and the presence of an officer a few times on an occasion of this sort to compel drivers of vehicles to take one side of the street or the other would furnish a passageway for other vehicles.

Time to Call a Halt.

Such disgraceful action on the part of the two Maysville players in the game here Saturday afternoon was about the limit and it is a good time now to call a halt upon such rowdies. The tactics pursued by those players were enough to disgust any lover of the sport and the quicker the league is relieved of such a class the better off it will be.

Such rowdyism never before has been witnessed on the local grounds. When Langenham went to the field in the sixth inning, according to Umpire Shaw's statement, he began calling him the vilest names. This resulted in his ejection and possibly the respect Shaw had for the spectators saved him a good thrashing.

When Langenham had been put off the field by Sheriff A. S. Thompson, Woodruff took up where he had left off, and made several efforts to spike the umpire by walking behind him and attempting to step on his feet. This, too, was a little more than the official could stand, and the Maysville third baseman was ordered to journey beyond the enclosure, and Sheriff Thompson was again called.

Woodruff has borne a very undesirable reputation since he has been in the Blue Grass League. He is known among the players as a "bully" and the sooner he is taught a good lesson the better it will be for him and the game. It is all right to protest a decision but there are many more gentlemanly ways. This is Langenham's first offense, so far as we know, but if the statement of Umpire Shaw is correct, and this we have no reason to doubt, he should be given the limit.

Shaw was a volunteer umpire, assigned by President Ussrey in the absence of one of the regular staff. In the past his work has been eminently satisfactory. It is to be regretted that he should have been imposed on and subjected to such humiliating and ungentlemanly language as was hurled at him Saturday afternoon by the two Maysville players. As a result of the forfeiture the Maysville club must stand a fine of fifty dollars.

"We Know How."

Why Don't Men Reason?

Men who are the most successful in business; men who are the most successful in law, medicine, politics, and who are the foremost people of their town or section are as helpless as a baby when it comes to knowing where to buy their clothes. Buying a suit of clothes is easy when you come to a store like Mitchell & Blakemore's. Reason it out in this way—We carry two of the finest lines of ready-to-wear clothes made—Stein Bloch and Hersh-Wicker. Every suit is hand-tailored and made. Patterns and selections that you positively will not find in other ready-to-wear clothes.

The well-dressed men of this city are wearing clothes sold by us, and why shouldn't you be among them. Look like the high-priced tailor-made man at half the price.

Reclamation, Not Revenge.

Tom Tynan, Warden of the Colorado Penitentiary, does not believe in punishment for revenge. He is quoted as follows in an article in "Success Magazine."

"We've got to get away from the old 'get even' idea. Imprisonment isn't society's revenge upon the offending individual, but society's effort to correct and reclaim. The penitentiary that releases unbetrayed and unstrengthed men is not only a millstone about the taxpayer's neck, but a menace to the society that it is supposed to protect. Instead of sending broken, revengeful men back into the world, in no wise reformed, but simply resolved to greater cunning, we must send back mendicant men, eager and willing to be of use. Reclamation—not further damnation.

"The penitentiary should be the last resort. Many a man is doing time when justice would have been better served had he been paroled from the bench. The trial judge now has the power to parole in misdemeanor cases. This law should be extended so as to take in felonies. What if a man has stolen to get medicine for a sick wife? I have a fellow who's doing three years for that very thing. What if there is technical guilt without criminal intent? What if it is a first offense attended by unusual or mitigating circumstances? Right there—in the court room—is where such men should be given another chance. What's the danger? The sentence hangs over them and they live under the eye of the law. If they fail to make good, or if it turns out that confidence has been falsely reposed, they can be rearrested and imprisoned without further proceedings."

Romance in a Bottle.

A romantic love affair that had its beginning only a few months ago resulted in the marriage yesterday afternoon of Orr L. Critchfield, of Chicago, and Miss Pearl Rose, of Lawrenceburg. While working at the bottling house of a plant of the Kentucky Distillery and Warehouse Company, near Lawrenceburg, Miss. Rose wrote her name and address on one of the bottles. A short while after she received a letter from the young man who a few days ago escorted her to the altar.

A Record Breaker.

The tallest building in the world is now in process of erection in New York. It will be fifty-five stories high and it will tower 750 feet above the sidewalk. All the metal columns and girders are enclosed in hollow concrete blocks and the floors and partitions are made of the same. Thus a big fire in one room would have but little effect in the one adjoining, architects say that such a building will last forever.

Shoots Man Who Robbed Friend.

George Longnecker shot and fatally wounded George Insko, aged eighteen, of Dayton, Ky., near the former's home in Mason county, Friday night. Insko and a pal, who escaped, had held up and robbed Tim Ryan and wife, who were on their way home from church. Ryan went to Longnecker's home and the two started out to hunt for the highwaymen. A short distance from the house they met them, Insko calling to them to throw up their hands. Instead, Longnecker shot him with a shotgun, Insko dying Saturday morning in the county jail at Maysville.

Cattle Poisoned.

Joseph Gregg, a prominent farmer of the Rutland neighborhood, Harrison county, lost several head of stock, the result of "paris green" poisoning, and more are sick from the drug.

A post-mortem showed a quantity of Paris green in the animals' stomachs. A search was then made and a quantity of the poison was found scattered about over the pasture. It was evident it had been put there with criminal intent, and as yet no clew has been secured as to who the guilty are.

Important Tax Decision Rendered.

Judgment of the Jefferson court in the case of Kentucky Lands Investment Company against Charles F. Fitch and others was reversed by the Appellate court last week and remanded for further proceedings.

Following a sale by the State of a certain lot in Louisville for taxes, the city of Louisville set up a claim for taxes from 1894 to 1910, and attached the validity of the sale, and asked that the deed from the State Auditor be canceled. The lower court dismissed the petition. In reversing the court below the Appellate Court says:

"There is every reason why the State and the sound policy of the law would require that she lend her aid to the city in the collection of its revenue rather than attempt to defeat it in its collection. Where a sale is made by the city, the validity of the lien of the State, county and taxing district, is in no wise impaired, and where the sale is by the State the validity of the city's lien for taxes due thereon is unimpaired."

Morgan Men May Meet at Lexington.

The annual reunion of Morgan's Men at Parks Hill, Nicholas county, which has been held for a number of years, may not be held this year, it is said. Col. Green Keller, who was a member of that command and a member of the Monument Committee, says they will probably not meet at Parks Hill this year, as it is desired to make the meet at Lexington, where the Morgan monument is unveiled, the greatest gathering of Morgan's Men held since the war. He says, however, that his statement is not authoritative, but that the Parks' Hill reunion will probably not be held.

Heavy Losses from Sheep-Killing Dogs.

Dogs are again playing havoc with sheep and lambs in Nicholas county and number of farmers report heavy losses, and a number of new claims have been filed. It now seems certain that claimants will not realize over 20 or 25 cents on the dollar on their claims owing to the fact that the amount of claims amount to more than twice as much as the amount realized from dog taxation.

Old Settlers' Picnic.

The old settlers of Nicholas county will hold their annual meeting at the courthouse in Carlisle Saturday, June 24, and the day will be observed as a homecoming day for former citizens of the county. The meeting was called by President Horace M. Taylor and Secretary Green R. Keller.

Has Souvenir of Lake Erie Battle.

Levi Trotter, who was formerly Mayor of the neighboring town of Millersburg, but who is now a resident of Lexington, has in his possession a cane made from the wood taken from Commodore Perry's flagship, the "Lawrence," which was made famous by the battle of Lake Erie September 10, 1813.

The ship was dismantled July 4, 1858, and soon after the cane was made in Indiana and presented to William Nunn, of Millersburg, by a relative. Later it came into possession of Charles Clark, who married a daughter of Squire Nunn, and at Mr. Clark's death, his son, William, sold the cane to Mr. Trotter, who displays it with just pride as a relic of the stormy times in the early history of our country.

The wood of which the cane is made is live oak, the handle is of ivory, and three thin silver plates bear the following inscription: "Wood taken from the flagship Lawrence, July 4, 1858" "Commodore O. H. Perry's victory on September 10, 1813" "We have met the enemy and they are ours" These words are inscribed in the ivory handle: "S. L. N. to Wm. Nunn."

Was Too Suspicious.

An Albanian youth named Brahimovich, who is a stranger to the customs of civilization, arrived in Belgrade recently and shot a new acquaintance immediately after an introduction, having mistaken an attempt to shake hands for an attempt to snatch the weapons in his belt.

Important Alaskan Industry.
Alaska's fishing industry, next in importance to mining, gives employment to 12,588 persons, of whom 2,823 are natives. In the last five years the territory has sent us a wealth of \$43,000,000 in salmon alone. The total output of fish in 1910 was worth \$11,181,388.

Improved Sewing Cabinet.
A sewing cabinet spacious enough to hold everything a seamstress may need in her work, yet which folds up like a screen and can be carried by handles has been invented by a Missouri woman.

Cough Cure.

If you can stand the odor, a bad cough can often be cured by five drops of kerosene taken on a lump of sugar. If this sounds too terrible, much the same effect is achieved by swallowing gasoline.

LIQUID CURES ECZEMA WHERE SALVE FAILS

In regard to skin diseases medical authorities are now agreed on this:

Don't imprison the disease germs in your skin by the use of greasy salves, and thus encourage them to multiply. A true cure of all eczematous diseases can be brought about only by using the healing agents in the form of a liquid. **WASH THE GERMS OUT.** A simple wash: A compound of Oil of Wintergreen, Thymol, and other ingredients as combined in the D. D. D. Prescription, penetrates to the disease germs and destroys it, then soothes and heals the skin as nothing else has ever done.

A 25-cent trial bottle will start the cure, and give you instant relief.

Aurora Borealis.

According to a theory recently enunciated, the aurora borealis is formed of cathode rays, emitted by the sun and deflected by the terrestrial magnetic field in the upper strata of the atmosphere. The velocity of these cathode rays must be nearly equal to that of light, and very much greater than the velocity of cathode rays produced in the laboratory. Lenard concludes that these extremely "hard" cathode rays are emitted by unknown radioactive substances in the sun.

"Hello" Equipment.

To do the hello work last year there were more than 238,000 miles of pole lines. There were more than five and a half million miles of pole wire and a half million miles of underground wire and nearly twenty-five thousand miles of submarine wire—total miles of wire, 11,642,212. The increase for the year was nearly a million and a quarter miles.

News of The Diamond.

FRIDAY.

In the last game of the series between Paris and Frankfort the Bourbonites came out with the long end of the score Friday afternoon.

The game, while played in fast time, lacked interest, but many fast plays were pulled off. Schrauder kept his hits well scattered but on one or two occasions the locals fell into tight places and only by brilliant playing were enabled to relieve the situation.

In two sessions the visitors had a man on third but the hit necessary to count was not forthcoming. In the last inning the Lawmakers saved themselves at shutout when Konnick was thumped in the ribs took second on a wild pitch and counted when French and Rapp hit safely.

Paris had the bases full in the first inning with two out, but could not put a run over the plate.

The locals scored twice in the fifth, after one was down. Harrell hit to

center and pilfered second on McKernan's hit to left. McKernan took second on the throw and came home on Mayer's hit to center.

With one out in the eighth the Bourbonites counted two more. Maxwell singled, reached third on Barnett's safe drive, Barnett reaching second, both crossing the plate when Goodman hit to right.

In the first inning Barnett was struck on the head by one of Cramer's wild heaves but his injury was not sufficient to force him to retire from the game. Outfielder Ludwig made his first appearance on the local lot and showed up well in the field. The score:

Frankfort 0 0 0 0 0 0 0 0 1-1

Paris 0 0 0 0 2 0 0 2 x-4

Batteries—Frankfort, Cramer and Holder; Paris, Schrauder and Mayer.

Hits—Frankfort 10, Paris 9. Errors—

Frankfort 2. Earned runs—Paris 4.

Two base hits—Crutcher. First on

balls—off Cramer 1. Stolen base—

Harrell. Struck out—by Schrauder 1.

by Cramer 3. Sacrifice hits—McKernan. Double plays—Kuhlman to Barnett, Kuhlman to McKernan, to Barnett. Wild pitch—Schrauder. Passed ball—Holder. Hit by pitcher—Barnett; French, Bohannon. Time—1:30. Umpire—Bohannon.

SATURDAY.

Because the Maysville club did not have enough players in uniform to finish the game after Langenham and Woodruff had been put off the grounds in the game here Saturday afternoon the remaining [players] left the field and the game was forfeited to Paris by a score of 9 to 0.

Maysville was leading by three runs in the fifth and the locals in their half tied up the contest. With two men on base in the sixth and two down Langenham was called out on strikes. A long drawn out argument ensued resulting in Langenham being ruled out of the game. Woodruff then took exceptions to the umpire and engaged in a useless wrangle and he too was put out of the lot by the official.

The locals went to the front in the second inning and Maysville scored two in the third. The Rivermen added two more in the fifth and in their half Paris tied the score on three singles and a double. The score:

Maysville 0 0 2 0 2 0 4

Paris 0 1 0 0 3 x-4

Batteries—Maysville, Nichols and Farrell; Paris, Maxwell and Mayer. Errors—Paris 2. Hits—Paris 10; Maysville 7. Two base hits—Wiley, Barnett. Base on balls—off Maxwell 1. Struck out—by Maxwell 5, by Nichols 1. Double plays—McKernan to Harrell to Kuhlman, Williams unassisted. Sacrifice hits—Carmony 2, Kuhlman 2. Time—1:00. Umpire—Shaw.

SUNDAY.

Once again the Colts went down in defeat before the sturdy Bourbonites on the Lexington grounds Sunday afternoon. The contest was stubbornly fought and errors coupled with timely hitting gave the local team one run the best in the game that went ten rounds.

For nine innings each team struggled to get a man around without result. In the second Yancey was called out at the plate on a very close decision, which was the nearest the Colts came to scoring until the tenth and final session.

Schneider pitched masterful ball and had the Bourbonites completely at his mercy for eight innings. Not until the ninth did they hit him safely, and then when two were down Harrell ripped off a stinger to center.

Hauser showed his class when he kept the Colts' batsmen hitting into the hands of his teammates. The locals played a brilliant game in the field and found Schneider just when their hits meant so much.

After two were down in the tenth Barnett reached second on Badger's error. Goodman singled, Barnett scoring when Yancey threw wild at the plate, Goodman taking second and

coming home when Kuhlman sent one to right.

The Colts made a determined effort to retrieve the game in their half but the best they could do was to count one run before the side was retired. The score:

Paris 0 0 0 0 0 0 0 0 2-2

Lexington 0 0 0 0 0 0 0 0 1-1

Batteries—Paris, Hauser and Mayer. Errors—Paris 1, Lexington 3. Hits—Paris 3, Lexington 6. Basens on balls—off Schneider 2, off Hauser 1. Struck out—by Schneider 10, by Hauser 2. Left on bases—Lexington 5, Paris 3. Sacrifice hits—Badger, Long. Double plays—Maxwell, Mayer; Viox, Long, Wahoo; Long, Viox, Wahoo. First base on errors—Paris 2. Time—1:40. Umpire—Bohannon.

MONDAY.

Yesterday at Winchester Paris was defeated by the Hustlers by a score of 2 to 0.

Neat Sum Realized.

The neat sum of \$91.16 was realized from admissions at the commencement exercises of the Western High School held at the High School Auditorium last Tuesday night.

Special to Frankfort.

The Bourbonites will play at Frankfort next Sunday and a special train over the F. & C. will be run from this city leaving at 12:15, returning will leave Frankfort immediately after the game. The Lawmakers and the Bourbonites will meet in the first double header of the season between the two clubs.

Colts Here Today.

The Colts will be the attraction at White Park this afternoon. From the stubborn contest Sunday in Lexington a great game may be expected today. The Colts are coming determined to take the measure of the Bourbonites, who are confident of a victory over their bitterest antagonists in the league.

Robbins will in all probability be pitted against the locals, while Gus Bono, the newly acquired hurler will be on the slab for Paris.

A special train will be run from Lexington for the game and a large crowd is expected to come over from Colytown. The game will be called at 3:15.

A Correction.

The name of Auctioneer M. F. Kenney was inadvertently omitted as being one of the auctioneers which conducted the sale of the city property of the Lancaster heirs in this city Thursday. This was due entirely to an oversight. Mr. Kenney is one of the best auctioneers in Central Kentucky and the fact that his name was not included in our notice is no reflection upon his ability, and the good prices realized for the property speak well for him and Col. Speakes.

DEATHS.

—Mrs. Mary Graves, aged about 23 years, wife of Mr. Ed Graves, an employee of the I. & N. railroad, died Friday afternoon about 6 o'clock, at their home on Vine street. Mrs. Graves had been ill with fever, but her death was not expected, and she was alone when the end came. The funeral was held at the residence Saturday morning at 10 o'clock. Services by Elder C. E. Morgan. The body was taken to Livingston for burial.

—News was received Friday of the drowning of Mr. Henry Hopson Spears, a former resident of Paris, in the Ohio River about 15 miles below Louisville.

—Mr. Spears was a very prominent man. He was the son of the late Jacob Spears, and his wife was Miss Bettie Woodford, daughter of the late John T. Woodford. He was the father of Messrs. Lee Spears, of Paris; John Spears, of Chrystal City, Texas, and Jake Spears, of Kansas City, Mo. His only daughter, Mrs. Elizabeth Spears Ward, died several years ago. Mrs. Dudley Talbott, of near Los Angeles, Cal., is a sister of Mr. Spears.

The remains arrived in this city yesterday afternoon at 3:30 o'clock. The funeral services will be held at the grave at 10 o'clock this morning, conducted by Rev. J. M. Maxon, of Verailles.

—Mr. P. L. Maloney died at his residence at Woodburn, Woodford county, about 5 o'clock Friday morning after a serious illness of about two weeks. He had been suffering for a number of months, but had kept up wonderfully and in good spirits.

—Mr. Maloney was about 60 years old. He had been for a long time one of the overseers at Woodburn.

—Mr. Maloney was born and raised in Bourbon county, and lived for thirty years on the Bucknall place on the North Middletown pike. When Mr. W. E. Simms went to Woodford county he engaged Mr. Maloney to look after the Alexander lands.

His wife, Mrs. Ella Maloney, and five children—Gertrude, Lena, Nellie, Katherine, Henry and William Maloney—survive him.

—W. H. Payne, formerly of this county died in Los Angeles, Cal., June 9, as the result of an attack of heart disease. The remains were interred at Bakersfield, Cal. The deceased was a son of the late Duvall Payne, who resided in Bourbon, and with his brother, J. C. Payne who survived, left this county about thirty years ago.

—Mrs. Emily Alexander, aged 65 years, died yesterday morning at 11 o'clock at her home on Houston avenue after a serious illness of about ten days.

Mrs. Alexander had enjoyed fairly good health until about a month ago, when she became ill, her decline being rapid and death was the result of hardening of the arteries.

Before her marriage she was Miss Emily McCabe of Bath county. She possessed many admirable traits of character and was an excellent Christian woman.

She is survived by her husband, Mr. George Alexander, and three sons, Dave, Jesse, and Chas. Alexander, all of whom reside in this city. One sister, Mrs. Samuel Kerslake, of Paris, also survives.

The burial will take place in the Paris cemetery this afternoon at 3 o'clock, with services at the grave by Elder Carey E. Morgan.

—Miss Edna Earle Hinton, whose marriage to Mr. Amos Turney will be

celebrated June 25, will be the guest of honor at several social functions this week. Wednesday morning Mrs. J. T. Vansant will entertain with a breakfast; Thursday evening Mrs. Louis Taylor, dining party; Saturday

50 Per Cent Better

"I have used less than one bottle of Cardui," writes Mrs. Gertrude Ward, of Rushville, Neb., "and am feeling fifty per cent better than when I began taking it."

"Before taking Cardui, I had suffered with female trouble, for eight years. My greatest trouble was irregularity. I also suffered with severe pains, every month, but now I am greatly improved and will recommend Cardui to all my suffering friends."

Take CARDUI

The Woman's Tonic

The rare medicinal herbs of Cardui are imported by the manufacturers direct from Europe and are not to be found in any other medicine.

These ingredients are what give Cardui its superiority, as a female medicine and tonic, over any other medicine.

For over 50 years Cardui has been the favorite woman's medicine. The ladies like it, because it is so easy to take, so gentle, so safe, so reliable in its results, and they have faith in its curative tonic powers, because of the thousands of other ladies it has helped. Try it today.

Saved His Wife's Life.

"My wife would have been in her grave today," writes O. H. Brown, of Muscadine, Ala., "if it had not been for Dr. King's New Discovery. She was down in her bed, not able to get up without help. She had a severe bronchial trouble and a dreadful cough. I got her a bottle of Dr. King's New Discovery, and she soon began to mend, and was well in a short time." Infallible for coughs and colds, it's the most reliable remedy on earth for desperate lung trouble, hemorrhages, lagrippe, asthma, hay fever, croup and whooping cough. 50c, \$1. Trial bottle free. Guaranteed by Oberdorfer.

Woman's Influence.

For a woman to be wise and at the same time womanly is to wield a tremendous influence which may be felt for good in the lives of generations to come.—David Starr Jordan.

Lightning Kills Few.

In 1906 lightning killed only 169 people in this whole country. One's chances of death by lightning are less than two in a million. The chance of death from liver, kidney or stomach trouble is vastly greater, but not if Electric Bitters are used, as Robert Madsen, of West Burlington, Ia., proved. Four doctors gave him up after eight months of suffering from virulent liver trouble and yellow jaundice. He was then completely cured by Electric Bitters. They're the best stomach, liver, nerve and kidney remedy and blood purifier on earth. Only 50c at Oberdorfer's.

They Knew—the Little Dears!

With reference to Sir Almroth Wright's opinion that, from a hygienic point of view, washing is an evil, it is interesting to note that children have always shown a wonderful instinct in this respect.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Improvement on Trolley Cars.

Electrical engineers are proposing that trolley cars be equipped with ball bearings in order to let the cars coast as much as possible and thus reduce the consumption of energy.

Occupation for Women.

Two women, maybe more, occupy novel positions in the business world in New York. These women are employed by a number of wholesale dress goods and millinery houses to entertain women buyers from out of town. They entertain the visitors at dinner, in the theater, and make the sojourners stay in New York pleasant. The expense, of course, is charged to the houses employing them. The individual charges of these women entertainers usually are about one-fourth of the total expense.

Really Hard Luck.

Four men were sympathizing with each other at an uptown hotel, according to the New York Sun. They were employees pretty well up on the staff list and two of them were assistant managers. They had indorsed checks for acquaintances that they supposed were all right, and, according to the rule, had to make good. "I'm worse stuck than any of you," said the chief engineer. "The check I got stuck on was for \$114 and the man who signed it is in jail."

Keep Clean.

Keep your house and your belongings clean. Let the blessed sun, the greatest physician in the world, get all through you and all about you. Get your full share of the free air of heaven. "Eat to live and not live to eat," as a sage philosopher of the long ago tells us. Keep your house clean in which you live and keep the "house" in which your life lives clean, and all will be well.

WASH THAT ITCH AWAY

It is said that there are certain springs in Europe that give relief and cure to Eczema and other skin diseases. If you knew that by washing in these waters you could be relieved from that awful itch, wouldn't you make every effort to take a trip to Europe at once? Would you not be willing to spend your last cent to find the cure?

But you need not leave home for these distant springs. Relief is right here in your own home town!

A simple wash of Oil of Wintergreen, Thymol and other ingredients as compounded only in D. D. D. Prescription will bring instant relief to that terrible burning itch, and leave the skin as smooth and healthy as that of a child.

If you have not already tried it, get at least a 25-cent bottle today. We assure you of instant relief.

LAXATIVE SENT FREE TO TRY

It may be taken for granted that there is no family that does not sometimes need a laxative. If you don't know of a good laxative, or the laxative you are using is losing its effect, we want to call your attention to Dr. Caldwell's Syrup Pepisin, which thousands of families are using successfully.

We have scores of letters from mothers, and scores from prominent men saying they are using it personally and giving it to their families, men like Mr. C. K. Smith of the Traffic Clearing House, Pine Bluff, Ark., and Mr. George B. Turner, a lawyer of Harlan, Ky. The thousands of mothers who use it themselves and give it to their children would take too much space to mention.

The reason they prefer Syrup Pepisin is that it is a mild, gentle laxa-

tive-tonic that does not gripe—effective and yet so mild that babies can take it. Its tonic ingredients invigorate the body and strengthen the stomach and bowel muscles so that they again do their work naturally. If you have been a victim of salts, pills and strong cathartics you will discard them when you once use Syrup Pepisin.

You can buy a fifty cent or one dollar bottle of any druggist, but before doing so you may want to try it free. If so, send your address to Dr. Caldwell and he will promptly forward a free sample bottle. Then, being convinced, do as others are doing and buy it in the regular way of your favorite druggist.

For the free sample address Dr. W. B. Caldwell, 402 Caldwell building, Monticello, Ill.

ALL MY PIMPLES GONE

Girl Tells How a Blotchy Skin Was Cleansed By a Simple Wash.

"I was ashamed of my face," writes Miss Minnie Pickard of Altamahaw, N. C. "It was all full of pimples and scars, but after using D. D. D. Prescription I can say that now there is no sign of that Eczema, and that was three years ago."

D. D. D. has become so famous as a cure and instant relief in Eczema and all other serious skin diseases, that its value is sometimes overlooked in clearing up rash, pimples, blackheads, and all other minor forms of skin impurities.

The fact is, that while D. D. D. is so penetrating that it strikes to the very root of Eczema or any other serious trouble, the soothing Oil of Wintergreen, Thymol and other ingredients are so carefully compounded there is no wash for the skin made that can compare with this great household remedy for every kind of skin trouble.

D. D. D. is pleasant to use, perfectly harmless to the most delicate skin, and absolutely reliable. A 25-cent bottle will give you positive proof of the wonderful effectiveness of this great remedy.

A PRISONER'S MESSAGE

By H. SANBORNE BROWNE

Copyright by American Press Association, 1911.

John Bounce was a prisoner in a county jail in the wild west. He had foolishly bought a horse for \$10 that was worth a hundred, not thinking that the seller, being willing to part with the horse for such a low price, must have stolen it. John was arrested, charged with the theft, convicted and sentenced to serve five years in jail.

One day the jailer said to John:

"I shall see your wife tomorrow.

Have you any message for her?"

"Yes," replied John; "tell her to get me out of this."

The jailer looked at his prisoner, surprised.

"Do you mean," he asked, "that you wish her to intercede with the governor to pardon you?"

"No; I wish her to tell me how to escape."

The jailer looked at John again, this time with a melancholy expression.

He considered that a man who would send such a message by one whose business it would be to thwart any plan that might be adopted must be losing his mind.

"All right," he said, humoring the poor man; "I'll give her your message."

The jailer went the next day to the town where the woman lived and, having transacted the business he had to do, went to see her.

"How is my poor husband?" she asked at once.

"Have you the courage to hear some bad news?" inquired the jailer in lieu of reply.

"Yes; tell me at once," she asked eagerly.

"Well, I fear the confinement and the attendant misfortunes have affected his brain."

The woman was very much overcome by this and begged the jailer to tell her what had brought him to such a conclusion, whereupon the latter gave her her husband's message. As soon as she heard it she set up such a wail that many of the neighbors rushed in to know what was the matter.

Mrs. Bounce told them that the imprisonment of her husband was suffering for an offense of which he was innocent had affected his mind; he had gone daft.

They advised her to have John brought before a commission to determine the facts.

If one of unsound mind had been convicted an injustice had been done which should be righted.

The prisoner had always been much liked in the town, and a great deal of sympathy was manifested for him.

When the jailer left he promised the wife that he would observe her husband closely and when he came again would bring her another message—that is, if John had any to send.

The next message the jailer brought

Mrs. Bounce was: "My jailer thinks me insane. He never was more mistaken in his life. Wings are now growing on my shoulders. By the first day of the month they will be fully grown, and then I shall fly up the chimney and return to you and our children."

When Mrs. Bounce received this message she wailed louder than ever,

declaring that the cruel treatment her husband was receiving, he being incarcerated in a cell, was making his condition worse every day.

The jailer assured her that her husband was not in a cell, but in a room by himself, in which there was an old fashioned large chimney giving fine ventilation.

But she refused to be comforted.

As soon as the jailer had departed

Mrs. Bounce went out and bought several ladders, besides fifty feet of stout rope, and put them in her cellar.

On the night of the last day of the month she hitched the family horse to the wagon, put the ladders and the rope in it and set out for the jail.

She timed her starting to reach her destination at midnight, and, stopping a short distance from the building that stood by itself, she carried the ladders to the wall that surrounded it.

Placing one ladder against the wall, she mounted it, and, selecting another that would reach from the wall to the roof of the jail, with the coil of rope on her arm, she climbed on to the roof and, going to a large chimney, let one end of the rope fall with a thud on the hearth below.

John, who was on the watch, heard it and, seizing it, tied it around his body under his arms. Then, jerking it for a signal, Mrs. Bounce began to pull.

The chimney was not large enough to enable John to help himself, but his wife was a strong as well as a shrewd woman, and by dint of hard pulling she got him up, and, scrambling to the wall and to the ground outside, they took the ladders and the rope with them and drove away.

The next morning Mrs. Bounce told the neighbors that her poor deluded husband had appeared at home during the night, declaring that he had wings on his shoulders and had flown up the chimney.

They were all very much puzzled, but swore that the half witted fellow should not go back to jail.

When the jailer learned what had happened he knew he had been outwitted, but he dare not tell the story to the authorities.

So he made a feint at retaking John, but was driven off by the neighbors and finally reported that it would be impossible to take the lunatic back to jail without a large sheriff's posse.

So the master went by default, and John remained at liberty.

It is needless to say that he soon recovered his sanity.

Thomas & Woodford.**Heavy Rain and Wind Storm.**

This community was visited by a heavy rain and wind storm Saturday night. The storm was accompanied by thunder, lightning and high winds.

Early yesterday morning a gentle rain began falling and continued for several hours. The precipitation was general throughout the county and farmers are rejoicing that the drought is broken. The rain furnished an excellent season for transplanting tobacco and men were in demand yesterday to assist in setting out the crops.

Harrow Handle Pierced Heart.

Death came to Homer G. Evans, of Harrison county, in a peculiar manner Sunday morning about 10:30 o'clock. Evans with a brother, had taken shelter from the rain in the barn of J. H. Webb, near Ruddell Mills.

Climbing up to look at some tobacco and losing his balance fell a distance of about nine feet. In his descent he struck the handle of a harrow, breaking it, the sharp point breaking through the tenth rib and piercing his heart, death resulting almost instantly.

Evans, who was about 25 years of age, was married and is survived by his wife and a little daughter about three years old. They lived about six miles West of Cynthiana on the Cynthiana and Republican pike, and had come Saturday afternoon for a visit to the family of John H. Webb, in this country.

Coroner Rudolph Davis was summoned and held an inquest over the body.

"Happy" to Take Leave.

G. D. "Happy" Howell, who for several weeks has been conducting a sale of pianos for the Jas. J. McCourt Co., in this city, will take his leave of Paris next Thursday, and depart for Bluefields, W. Va.

During his stay in Paris "Happy" has made a very favorable impression and a host of friends who regret very much to see him go. Besides being an excellent piano salesman and general all-round good fellow he is a base ball fan from the old school and says his everlasting regret will be that he did not see Paris trounce the Colts in Lexington Sunday. He was a regular attendant at the games here and his presence will be greatly missed by the local fans.

Change in Positions.

Mr. Wm. Cooper, who has been in the employ of the L. & N. at the local freight office has been appointed general delivery clerk at the Paris post-office to fill the vacancy made by the removal of Miss Annie Clay, who has held the office for several years. The appointment went into effect yesterday. S. L. Ewalt will succeed Mr. Cooper at the freight office.
